

Carol's *Tales for Tots*TM

Growing Confidence in Children

Available for
Birthday Parties
& Other Special
Events!

Carol's Tales For TotsTM provides a storytime experience for children ages 3-5. Storytime, including age-appropriate questions and discussion, helps children grow in confidence by making them feel understood, heard, and respected.

The storytime session includes a craft, movement and/or game activity. Children are encouraged to participate as they feel comfortable.

"Carol is a wonderful person who has a wonderful way with children. She has such an enthusiasm and warmth to her, that children just love her! Carol has known my kids for years and has especially been wonderful with my youngest who is three years old. She is so great with him, he always wants to sit by her side to read books and she even makes it fun for him to read the newspaper!" (Shelly)

"I have known Carol for many years and continue to be touched by the deep compassion and care she has for children of all ages. She interacts with kids with an honesty and integrity that makes them feel important, and that they matter." (Michelle)
